

Government of India
Ministry of Development of North Eastern Region

Minutes of the 99th Meeting of the NLCPR Committee held at 1500 Hrs on 20.09.2011 under the Chairmanship of Secretary, M/o DoNER in Committee Room No.243, Vigyan Bhavan Annexe New Delhi.

Present

1. Mrs. Jayati Chandra, Secretary, M/o Development of North Eastern Region.....in Chair.
2. Shri P.K. Pattanaik, Joint Secretary, Ministry of DoNER
3. Shri S.N. Brohmo Choudhury, Adviser (NE), Planning Commission
4. Mrs. Vandita Kaul, Director (PF-I), D/o Expenditure, M/o Finance
5. Dr. Uday Shanker, Director (IFD), Ministry of DoNER,
6. Shri J. P. N. Singh, Director (NE), MHA

Mrs. Anjuly Chib Duggal, Joint Secretary (PF-I), D/o Expenditure, M/o Finance, Shri Shambhu Singh, Joint Secretary (NE), MHA and Mrs. Sudha Krishnan, Joint Secretary & Financial Advisor, Ministry of DoNER were granted leave of absence

Following Officers were also present as special invitees:

Shri Rajesh Kumar (Director), Shri P.R. Meshram (Director) and Shri S. K. Saha (Section Officer) of Ministry of DoNER.

The representatives of Government of Assam and Autonomous District Councils of BTC, NC Hills (Dima Hasao) and Karbi Anglong made the presentation on status of ongoing & retained projects, the capacity and present work load of the various State Departments and Priority List 2011-12 of their State before NLCPR Committee. The list of States representatives is at **Annexure-I**.

After presentation by the representative of Government of Assam, the Committee deliberated on the Agenda items. Following observations and recommendations were made by the Committee:

Item No.1: Confirmation of the Minutes of 98th Meeting of the NLCPR Committee held on 25.08.2011

The minutes of 98th Meeting of the NLCPR Committee issued on 06.09.2011 were confirmed.

Item No.2: Action taken report of decisions / recommendations made by NLCPR Committee in the 98th Meeting held on 25.08.2011.

The Committee noted that the minutes of the 98th Meeting of the NLCPR Committee are issued on 06.09.2011 and the actions on the recommendations made by the Committee are being taken.

Item No.3: Priority List for 2011-12 of Assam

After Presentation, the Committee deliberated upon the Priority List submitted by the Government of Assam in accordance with Para 4.1 of the Revised NLCPR Guidelines.

After deliberations, the Committee recommended retention of following 10 Projects with estimated cost of Rs. 23143.54 lacs:

Sl. No	Name of the project	Est. cost (Rs. In lacs)
General Areas		
1.	Construction of R.C.C. Bridge No.1/1 over river Barak at Sadarghat, Silchar on Silchar -Kumbhirgram road.	6000.00
2.	Medical Gas pipe line system, Modular Ot's, ICU, NICU, RICU for Jorhat Medical College and Hospital, Assam.	1786.32
3.	Nagaon Town Water supply Scheme	4453.26
4.	Water supply project of Digboi Town.	3264.98
BTC Areas		
5.	Conversion of washed out SPT bridge No.2/1 over river Hell into RCC Bridge on Shialmai Moinaguri Road in Kokrajhar district.	1817.96
6.	Improvement of road from Khairabari to Jamuguri under NLCPR.	1372.00
7.	Improvement of road from Budura to Parbahuchuba Dimakuchi PWD road at Batabari via Khasiachuba, Barangabari.	1003.12
8.	Rajendrapur flow Irrigation Scheme	2050.00
Karbi Anglong District		
9.	Kakubasti irrigation scheme under NLCPR	860.90
Dima Hasao District		
10.	Improvement & strengthening of Jinamghat Vongzor road (length-13km)	535.00
Total		23143.54

Item No.4: Project – “Tamulpur Piped Water Supply Scheme” in Assam.

The Committee noted that the DPR of the project has been vetted by the Department of Drinking Water Supply (D/o DWS), Ministry of Rural Development at a cost of Rs. 299.45 lacs.

2. After detailed deliberations and keeping in view the ‘Justification Note’ submitted by the State Government, the Committee recommended sanction of the project at a cost of Rs. 293.70 lacs (including 1% Contingency charges amounting to Rs. 2.91 lacs) with the conditions stipulated by the D/o DWS. However, the contingent expenditure would not include any work charged establishment, daily wage charges or any other staff charges. The details are as under:

Sl. No.	Item of work (details are in the DPR)	Estimated Cost (Rs. in lacs)
i.	Installation of Deep Tube Well (Size – 200 mm x 200 mm x 150 m depth)	7.85
ii.	Supplying, Installation, Testing and Commissioning of 1 (one) Submersible Raw Pumps of 15 HP, 38 m Head	1.80
	Supplying, Installation, Testing and Commissioning of Clear Water Folder Pump Sets 2 – 7.5 HP, 18 m Head including one Standby	1.80
iii.	Supplying of 150 mm diameter DISS (K-9) pipe – 80 m long and Labour	2.15

Sl. No.	Item of work (details are in the DPR)	Estimated Cost (Rs. in lacs)
	charge for laying 150 mm dia DISS (K-9) pipes 80 m long	
	Supplying of DISS (K-9) Clear Water Pumping Main (75 RM) and Labour Charge for laying of 150 mm dia, 75 m long Pipes	2.00
iv.	Construction of Complete Treatment Plant (Non – conventional) of 0.78 MLD capacity	44.55
	Construction, Supplying, Fitting, Fixing, Testing, and Commissioning of Mechanical Works for 0.78 MLD Treatment Plant	9.25
	Construction of One number of RCC Raw Water Pump House of 10 sqm area	1.04
	Construction of One RCC underground Clear Water Sump of 100 CUM capacity	7.15
	Sludge Disposal Line	2.72
v.	Construction of one number of 300 cum capacity RCC elevated Service Reservoir with staging height of 12 m	47.60
vi.	Supplying of Distribution Pipe Network of DISS (K-7) of 150 mm dia and above	0
	150 mm Dia	43.21
	200 mm dia	36.26
	Supplying and Laying of UPVC Pipes conforming to relevant IS specifications	0
	90 mm dia	16.96
	110 mm dia	20.15
	Labour Charge for laying in line and levelling of the Distribution Network of DISS (K-7) pipes of 150 mm and above	0
	150 mm dia	4.47
	200 mm dia	3.38
vii.	Approach Road to the Treatment Plant	1.38
viii.	Supplying and Installation of Laboratory Equipments	1.50
ix.	Cost of Drawing Electric Power Line including Transformer etc. to Treatment Plant	4.00
	Cost of Internal Electrification and Lighting Arrangement in the Barge Site, Treatment Plants etc	3.10
	Supplying including Installing, Testing and Commissioning of 70 kVA Water Cooled Indomesh DG Set with AMF Panel	7.55
x.	Land Development of the Treatment Plant and Deep Tube Well sites	3.54
	Boundary Wall / Security Fencing with Gates around the Treatment Plant and Deep Tube Well Sites	11.84
xi.	Survey for Distribution Pipe Network	2.00
	Load Testing	3.54
	Total	290.79
xii.	Contingency (1%)	2.91
	Grand Total	293.70

3. The Project has been recommended for sanction with the following conditions:

- i. The State Government / Implementing Department will comply with the following observations made by the D/o DWS, M/o RD
 - a. Since it is proposed to have all house – hold with house – connection meter should be provided and tariff should be collected to achieve at least 50% cost of O&M since in total HP of the pumps provided is 30 as such cost of electricity may work out to be quite high.

- b. Source sustainability should be incorporated in the project proposal
- c. Training and Capacity building of VSSCs should be incorporated
- ii. The Contingency charges may be reimbursed on submission of document on actual contingency expenditure excluding cost of establishment, audit and accounts, O&M, departmental charges, quality control, agency and purchase of vehicle.
- iii. Transparency should be maintained in tendering process and the State Government should ensure that the tender has been called on competitive basis by giving wide publicity in print media and website etc. and the works have been awarded within 3 months of its sanction, even without waiting for the release of funds from State Government to Implementing Agency.
- iv. The State Government should follow all codal formalities and strictly adhere to the project implementation schedule and physical targets given in the DPR.
- v. The project implementation by the State Government will be governed by the rules / conditions stipulated in the revised guidelines of NLCPR.
- vi. A non- duplication certificate may be obtained from the State Planning Department before issue of sanction.

Item No.5: Project – “Construction of RCC Br. No. 8/1 over Saral Bhanga on Dotma Balajan Road” in Assam.

The Committee noted that the DPR of the project has been vetted by the Ministry of Road Transport & Highways (M/o RT&H) at a cost of Rs. 1226.12 lacs.

2. After deliberations, the Committee recommended sanction of the project at a cost of Rs. 1202.31 lacs (including 1% Contingency charges of Rs. 11.90 lacs) after deducting 1% Quality Control and 1% Labour Cess. However, the contingent expenditure would not include any work charged establishment, daily wage charges or any other staff charges The details are as under:

Sl. No.	Description	Estimated Cost (Rs. in lacs)
i.	Bridge Proper	755.23
ii.	Approach Work	138.80
iii.	Guide Bund and Protection Work	296.38
	Sub Total	1190.41
iv.	1% Contingency	11.90
	Total	1202.31

3. The Project has been recommended for sanction with the following conditions:

- i. The State Government / Implementing Department will comply with the observations made by the M/o RT&H (**Annexure-II**).
- ii. The Contingency charges may be reimbursed on submission of document on actual contingency expenditure excluding cost of establishment, audit and accounts, O&M, departmental charges, quality control, agency and purchase of vehicle.
- iii. Transparency should be maintained in tendering process and the State Government should ensure that the tender has been called on competitive basis by giving wide publicity in print media and website etc. and the works have been awarded within 3 months of its sanction, even without waiting for the release of funds from State Government to Implementing Agency.

- iv. The State Government should follow all codal formalities and strictly adhere to the project implementation schedule and physical targets given in the DPR.
- v. The project implementation by the State Government will be governed by the rules / conditions stipulated in the revised guidelines of NLCPR.
- vi. A non- duplicacy certificate may be obtained from the State Planning Department before issue of sanction.

Item No.6: Project, Augmentation of Water Supply Scheme at Kamjong in Ukhrul (0.22 MLD), Manipur.

The committee noted that the project was retained at Rs.5.25 crore in its 65th Meeting held on 16.02.2009. The Committee also noted that the D/o Drinking Water Supply recommended the proposal at Rs.524.82 lac.

2. After deliberations, the Committee recommended the project for sanction at a cost of Rs.525.82 lac, including 2% contingencies with the following components and conditions:

(Rs. In lac)		
S.No.	Items of works	Amount
1	Construction of slow sand filter	21.31
2	Construction of intake Weir and collection chamber (3 Nos)	6.88
3	Construction of compound fencing	9.05
4	Construction of settling tank	9.45
5	Construction of anchor block and pipe support	17.79
6	Providing & laying of filter media	5.47
7	Construction of service reservoir	13.15
8	Procurement of pipes, specials	337.67
9	Laying and fixing of pipes	22.08
10	Construction of approach road, Trace path etc.	16.55
11	Construction of cistern tanks (23 Nos.)	11.39
12	Construction of Chowkidar quarter cum Godown	6.65
13	Construction of Zonal reservoir (4 Nos.)	15.06
14	Construction of Break Pressure tanks	0.66
15	Construction of Check-Dams for sustainability	16.12
16	Information, Education and Communication activities	5.25
	Sub total	514.53
17	2% contingency charges	10.29
	Total	524.82

Conditions:

- (i) The contingency charges 2% which may be reimbursed on submission of document on actual contingent expenditure excluding cost of establishment, audit and accounts, O&M, departmental charges, quality control, agency and purchase of vehicle.
- (ii) Release of funds under item (16) above, i.e., 'Information, Education and Communication activities' would be made on reimbursement basis, as may be necessary, on submission of documents of actual expenditure, indicating the detail of activities done under component with its cost.
- (iii) Transparency should be maintained in tendering process and the state Government should ensure that the tender has been called on competitive basis by giving wide

publicity in print media and website etc. and the works have been awarded within 3 months of its sanction, even without waiting for the release of funds from state government to implementing agency.

- (iv) The State Government should follow all codal formalities and strictly adhere to the project implementation schedule and physical targets given in the DPR.

- (v) The project implementation by the State Government will be governed by the rules/ conditions stipulated in the guidelines of NLCPR Scheme.

Item No.7: Project, Augmentation of Water Supply Scheme at Nunghar and adjoining 4 (four) villages in Ukhrul (0.40 MLD), Manipur.

The committee noted that the project was retained at Rs.6.51 crore in its 65th Meeting held on 16.02.2009. The Committee also noted that the D/o Drinking Water Supply recommended the proposal at Rs.544.06 lac.

2. After deliberations, the Committee recommended the project for sanction at a cost of Rs.544.06 lac, including 2% contingencies with the following components and conditions:

		(Rs. In lac)
S.No.	Items of works	Amount
1	Construction of slow sand filter	46.74
2	Construction of intake Weir and collection chamber (3)	6.48
3	Construction of compound fencing	8.80
4	Construction of settling tank	10.99
5	Construction of anchor block and pipe support	21.22
6	Providing & laying of filter media	9.04
7	Construction of service reservoir	19.38
8	Procurement of pipes, specials and transportation	319.22
9	Laying and fixing of pipes	21.67
10	Construction of approach road, Trace path etc.	23.37
11	Construction of cistern tanks (30)	10.26
12	Construction of Chowkidar quarter cum Godown	8.32
13	Construction of Zonal reservoir:	0.00
	a) 60,000 litres capacity (1)	5.00
	b) 35,000 litres capacity (4)	13.55
14	Construction of Break Pressure tanks (2)	4.31
15	Construction of Check-Dams (3)	3.24
16	Information, Education and Communication (IEC)	1.80
	Sub total	533.39
17	2% contingency charges	10.67
	Total	544.06

Conditions:

- (i) The contingency charges which has been restricted to 2% which may be reimbursed on submission of document on actual contingent expenditure excluding cost of establishment, audit and accounts, O&M, departmental charges, quality control, agency and purchase of vehicle.

- (ii) Release of funds under item (16) above, i.e., 'Information, Education and Communication activities' would be made on reimbursement basis, as may be necessary, on submission of documents of actual expenditure, indicating the detail of activities done under component with its cost.
- (iii) Transparency should be maintained in tendering process and the state Government should ensure that the tender has been called on competitive basis by giving wide publicity in print media and website etc. and the works have been awarded within 3 months of its sanction, even without waiting for the release of funds from state government to implementing agency.
- (iv) The State Government should follow all codal formalities and strictly adhere to the project implementation schedule and physical targets given in the DPR.
- (v) The project implementation by the State Government will be governed by the rules/ conditions stipulated in the guidelines of NLCPR.

Item No.8: Project, Augmentation of Water Supply Scheme at Tolloi in Ukhrul (0.27 MLD), Manipur.

The committee noted that the project was retained at an estimated cost of Rs.3.46 crore on recommendation of NLCPR Committee in its 65th Meeting held on 16.02.2009. The Committee also noted that the D/o Drinking Water Supply recommended the proposal at Rs.322.93 lac.

2. After deliberations, the Committee recommended the project for sanction at a cost of Rs.322.93 lac, including 2% contingencies with the following components and conditions:

(Rs. In lac)		
S.No.	Items of works	Amount
1	Construction of slow sand filter	19.22
2	Construction of intake Weir and collection chamber	1.95
3	Construction of compound fencing	6.04
4	Construction of settling tank	7.50
5	Construction of pipe support and anchor block	27.55
6	Providing & laying of filter media	7.88
7	Construction of service reservoir	9.97
8	Procurement of pipes and specials	130.12
9	Laying and fixing of pipes	18.11
10	Construction of approach road, Trace path	16.00
11	Providing & Fixing of Water storage tanks	11.81
12	Construction of Chowkidar quarter cum Godown	8.41
13	Construction of Zonal reservoir	21.00
14	Transportation of G.I. pipes	7.86
15	Construction of Break Pressure tanks	1.26
16	Construction of rain water harvesting tank (sustainability)	18.87
17	Information, Education and Communication activities	3.05
	Sub total	316.60
18	2% contingency charges	6.33
	Total	322.93

Conditions:

- (i) The contingency charges which has been restricted to 2% which may be reimbursed on submission of document on actual contingent expenditure excluding cost of

establishment, audit and accounts, O&M, departmental charges, quality control, agency and purchase of vehicle.

- (ii) Release of funds under item (16) above, i.e., 'Information, Education and Communication activities' would be made on reimbursement basis, as may be necessary, on submission of documents of actual expenditure, indicating the detail of activities done under component with its cost.
- (iii) Transparency should be maintained in tendering process and the state Government should ensure that the tender has been called on competitive basis by giving wide publicity in print media and website etc. and the works have been awarded within 3 months of its sanction, even without waiting for the release of funds from state government to implementing agency.
- (iv) The State Government should follow all codal formalities and strictly adhere to the project implementation schedule and physical targets given in the DPR.
- (v) The project implementation by the State Government will be governed by the rules/ conditions stipulated in the guidelines of NLCPR.

Item No.9: Project, Modernization of electrical network in and around Melli Bazaar, South Sikkim under NLCPR – for consideration of sanction

The Committee noted that the project was retained at an estimated cost of Rs.10.40 crore from the priority list 2010-11 of Government of Sikkim in its 80th Meeting held on 08.04.2010. The Central Electricity Authority (CEA) recommended the project for sanction at Rs.1068.54 lacs. After deliberations the Committee recommended the project for sanction at Rs. 885.96 lac with following components and conditions.

S. No.	Description	Amount (Rs. in lacs)
1.	Drawing of 11 KV feeder line from Power Complex and installation of 2 numbers of 750 KVA Sub-station at Melli Bazar	82.43
2.	Installation of 13 number of VCB panels at existing S/S control room and proposed 11 KV control room at Melli Bazar	119.64
3.	Conversion of existing OH LT lines into U/G cable at various places	407.15
4.	Beautification of Melli Bazar and surroundings with new fittings and luminaries	67.86
5.	Conversion of existing 11 KV OH Melli-Jorethang HT line to U/G cable from Melli KS/S to Forest Check Post	17.21
6.	Drawing of 11 KV feeder line from proposed 2x750 KVA S/S to 500 KVA S/S and Shifting of 500 KVA transformer from existing location to Police Check Post	34.15
7.	Construction of control room cum attendant qtr. At new 11 KV S/S at Melli Bazar	40.78
	Total A	769.22
8.	Erection & civil charges @15% on items 1 to 6	109.26
9.	Contingency @2% on Total A	15.38
10.	Deduction of cost of 500 kVA transformer	-7.90
	Total	885.96

Conditions:

- a. The contingency charges may be reimbursed against the actual contingent expenditure on production of documentary evidence. But it shall not include expenditure on Work Charge Establishment.
- b. State Implementing Agency should follow all codal formalities while executing the project.

- c. Codal formalities should include tenders being called on competitive basis by giving wide publicity in print media like Newspapers & Trade Journals and web based publicity.
- d. The construction agency may adhere to the time schedule given by them in the estimate for completion of the project.
- e. Justification for provision of 10% Transportation may be sought from the State Government.

Item No.10: Rabindra Convention Centre (Satabarshiki Bhavan) in Tripura for consideration of sanction

The Committee observed that the project was retained for detailed examination from the Priority List 2008-09 of Tripura in its 60th Meeting held on 18.07.2008 at Rs.19.00 crore.

The MoUD vetted the DPR with Rs.2363.90 lac with the conditions that the *project may consider for funding under NLCPR scheme only after getting* no objection certificate from the Ministry of Culture since the project was also proposed to M/o Culture by the State Government. The Ministry of Culture vide letter No.16-2/2010-Spl.Cell/P.Arts dated 26.08.2011 addressed to State Government and copy endorsed to M/o Diner informed that they have noted the decision of the State Government to withdraw the proposal and would have no objection if the said proposal is considered for funding by the Ministry of DoNER under its NLCPR scheme.

After deliberations, Committee recommended the project for sanction at Rs. 2194.21 lac with following components and conditions.

Sl. No.	Components of Work	Amount (Rs. in lac)
1.	Civil Work	1652.02
2.	Electrical Work	272.41
3.	Accounting work	196.62
	Total	2121.05
4.	Contingencies @ 2%	42.42
	Sub-Total	2163.47
6.	Add for Green Building norms @5% - On normal building cost (5640x10900=61476000)	30.74
	Grand Total	2194.21

Conditions:

- a) The 2% contingency charges may be reimbursed against the actual contingent expenditure on production of documentary evidence but shall not include expenditure on Work Charge Establishment.
- b) Transparency should be maintained in tendering process and the State Government should ensure that the tender has been called on competitive basis by giving wide publicity in print media and website etc. and the works have been awarded within 3 months of its sanction, even without waiting for the release of funds from state government to implementing agency.
- c) The state government should follow all codal formalities and strictly adhere to the project implementation schedule and physical targets given in the DPR.
- d) The project implementation by the state government will be governed by the rules/conditions stipulated in the guidelines of NLCPR.

- e) The implementing agency may be encouraged to use energy efficient devices and equipments as per guidelines of Bureau of Efficiency (BBE), Govt. of India who have developed "Manual for development of Municipal Energy Efficiency Projects" and may take their consultation in this regard.
- f) The implementing agency should ensure that the project as a whole is disaster resilient and necessary measure will be taken to make it fully disaster resistant and DM audit shall be got conducted on completion of the project.
- g) Proper structural design for the related structural components shall be got done and proof checked by structural consultant of repute before actual execution of the work.
- h) Proper geotechnical investigation for all related geotechnical components shall be got done and proof checked by geotechnical expert of repute before actual execution of the work.
- i) The formalities relating land acquisition etc. if any may be completed before taking up the work.
- j) Implementing Agency shall follow the proper and approved administrative, financial and technical procedures for execution of the work at competitive cost.
- k) The execution of the project shall be strictly on competitive rate basis.
- l) Implementing agency shall obtain all necessary permission/Clearances from concerned authorities prior to commencement of works.
- m) The work shall be executed by the implementing agency as per relevant codes and specifications as applicable.
- n) The implementing schedule should be strictly adhered to in order to avoid any time and cost overrun.
- o) The Administrative and Financial approval may be issued after receipt of non-duplication certificate from the State Government.

Item No.11: Proposal of "Widening & strengthening of Jolaibari-Kowaifung road (11.70 Km)' in Tripura under Non-Lapsable Central Pool of Resources (NLCPR).

The Committee noted that the project was retained for 'Widening & Strengthening of Jolaibari - Kowaifung - Ailmara Road (22.00 km)' in the 32nd meeting of NLCPR Committee held on 28.02.2005 from the Priority List 2005-06 of Tripura at an estimated cost of Rs.10.70 Crore. The State Government submitted DPR for "Widening & Strengthening of Jolaibari-Kowaifung" (11.70 Km) section of the road at Rs.8.90 crore, as the balance "Kowaifung to Ailmara" (9.50 Km) section of road was sanctioned by the North Eastern Council (NEC) at Rs.313.75 lac only (Rs.33.03 lac/Km) in March 2005. The DPRs of Jolaibari-Kowaifung" (11.70 Km) were examined in Department of Road Transport (DoRTH). The DoRTH observed that, the existing road is already having single lane carriageway and formation, its widening to 5.50 carriageway and 9.0 m formation as proposed, is not justified in view of the extremely low traffic volume. The Committee also noted the variation of specifications and per unit cost in the proposal sanctioned by NEC and that proposed under NLCPR.

After deliberations, the Committee recommended that, in view of the large variation in the scope and cost at which it was retained, the variation in the cost and scope of components in the part of road sanctioned by NEC and the part proposed under NLCPR and also time lag from its retention, it will not be appropriate to sanction the proposal in the present form and may be deleted from the list of retained projects. The State Government may be asked to review the proposal and if it is still relevant then consider proposing a fresh in next Priority List.

Meeting ended with vote of thanks to the chair.

Annexure-I**List of Representatives of Govt. of Assam and ADCs of BTC, Dima Hasao & Karbi Anglong Districts in 99th Meeting of NLCPR Committee held on 20.09.2011**
